Dear Amy,

I am writing to express my interest in applying for a guitar teaching position at the Music Cafe, located at 105 Fox St. Mukwonago. I am applying because I bought my first guitar here and I owe much of my musical evolution to this store.

To help Music Cafe better attain the mixture of knowledge and friendliness they strive for, I offer individualized education structures, transparent communication, and all the passion I carry towards music. I've taken individualized lessons for 4 years, writing seven original compositions each semester to perform for juries. I led the on-campus push for live music, helping create and lead the Jam Band class, forming 5 bands as of now. I set up and ran audio for the class while teaching beginner guitarists chords, scales and song structures. Within a year I've seen students go from not holding a guitar to being able to play barre chords and solo in A minor.

I greatly appreciate your consideration for this position. The ability to play guitar has given me more joy than I can express, I only hope that I can continue to pay that forward.
